Dr Mok Hing Yiu Lecture

UNIVERSITY OF
OXFORD

Wadham College, in partnership with Medical Sciences, is proud to present...

How to Fail Successfully

with Professor Francis K L Chan, SBS, JP
Choh-Ming Li Professor of Medicine and Therapeutics and
Dean of Medicine at the Chinese University of Hong Kong

Welcome by Professor Sir John Bell, Regius Professor of Medicine, University of Oxford.

Professor Francis Chan, Choh-Ming Li Professor of Medicine and Therapeutics and Dean of Medicine of CUHK, is an Asia-based, internationally renowned clinician-scientist, and an entrepreneur.

Pioneering in fecal bacteria-DNA technology, he established the first microbiota innovation centre (MagIC Centre) with an international alliance in Asia in 2018 and co-founded a biotechnology start-up company, GenieBiome Company Limited, in 2020 to transform microbiome innovations into clinical applications. The microbiome-based inventions of Professor Chan and his team have received multiple international awards including the Gold Medal with Congratulation of the Jury, Gold Medals and Silver Medals of International Exhibition of Inventions Geneva 2022 and 2023 in recognition of their novelty and contributions to society.

In addition, Professor Chan's contributions and leadership in Gastroenterology have been recognised worldwide with numerous honours and awards, including International Leadership Award of the American College of Gastroenterology in 2018, Honorary Doctorate of the Osaka City University in 2018 - an honor that only 12 doctorates were awarded in its 138-year history, being named the top 0.06% World Expert in Aspirin by ExpertScape in 2019, being named as the 2022 Highly Cited Researchers by Clarivate Analytics, and the AGA Institute Council Section Research Mentor Award 2023.

Thursday 19 October 2023 | Lecture 5pm | Drinks 6.30pm

Dr Lee Shau Kee Scholars' Room, Wadham College
